PRINCIPAL'S REPORT

I encourage all parents and guardians to consider using our After School House Program for Primary and Secondary students. This “no cost” program has been funded by the Department of Education and provided by the ‘Their Care’ organisation. The program is now up and running. Students and parents are expressing a high level of satisfaction and enjoyment.

I am looking forward to our Student Leadership Investiture ceremony on next Thursday, 21st March.

Our Program and Student Review meetings will also be held on Thursday, 21st March commencing at 2.00pm. Classes will finish early on that day: 1.45pm at Middle Campus and 2.00pm at the Junior/Senior Campus to enable our parent and staff discussions to commence.

VALUE OF THE FORTNIGHT

We will be studying the Value, Harmony for the next fortnight.

People who value Harmony know that the people around them hold differing views and they try to find common ground, steering away from confrontation. Harmonious people do not try to impose their views on others. It requires an awareness of your own needs, wants, and beliefs as well as being curious about the needs, wants, and beliefs of others.

With this awareness we can communicate assertively to reach collaboration.

Harmony unites people in spite of their diversity and prevents enmity, wars and conflicts.

LIFE SAVING VICTORIA BEACH DAY

On Wednesday, March 13th, a group of Middle School students visited Carrum Beach, where Life Saving Victoria provided essential life-saving skills training. Surf lifesavers taught us safe boarding, beach soccer, survival strategies, and rescue techniques, aiming to enhance our water safety awareness and ability to assist others at the beach.

All staff were impressed by everyone's effort and positivity, even in the face of cold water and occasional rain. To all the students who represented Emerson, well done for your efforts on a great day!

SEDA NETBALL CLINICS

Over the past three Thursdays, a group of SEDA students has been teaching fun and innovative netball drills to Middle School students at Emerson.

These sessions have focused on various aspects, including different pass types, movement into open spaces, shooting techniques, footwork, and understanding netball positions. The students thoroughly enjoyed these skill-building sessions and expressed their gratitude for the valuable knowledge gained.

A big thank you once again to SEDA Netball, and great work to all the students involved for their outstanding efforts.
